Working together, it's good for business!

The Chamber of Commerce is here for you, when you need us! But as business owners you can work together to network with other businesses in your community.

One example might be to ask other businesses to attend a get together and talk about how working together benefits each other. We all want our business to succeed, so gaining recommendations from others can certainly help.

This is just one way to grow your business. If you are interested or need any help in hosting a networking meeting, contact the Chamber office at 315-287-0331.

Our local Business Shout Out this week goes to AOK Engineering PLLC located at 23 Austin Street, Gouverneur. The phone number is 315-323-4966 and web at www.aokengineering.com. Contact Karl when your thinking about building!

As always shop local!
